

FIA World Endurance Championship
Round 1 – Qatar Airways Qatar 1812 KM
2025 February 26th - 28th

Decision no. 6

From: The Stewards **Date:** 25 February 2025
To: PROTON COMPETITION **Time:** 21:17

The Stewards, having received a report from the Technical Delegate, have considered the following matter :

N° / Competitor: 77 / PROTON COMPETITION
Session: After initial scrutineering
Time (fact): 19:00
Fact: Car 77 was not presented to the initial scrutineering
Offence: 5.2.1 of WEC Sporting Regulations
Decision: Car 77 must be checked by the technical scrutineers before taking part to any session of the event.

Reason:

The technical delegate reported to the stewards that the car 77 was not presented to the initial scrutineering, which is mandatory to be allowed to take part in any session of the competition. The stewards acknowledged that it is a case of force majeure due to the fact that car 77 suffered a fire just before the competition. However, the competitor must be checked by the technical scrutineers before taking part to any session of the event.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Chapter 4 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.
