**PURPOSE OF THE REQUEST**

Based on the WEC\_2025\_D13\_All\_Compensation\_ballast, some clarifications are needed regarding the race drivers weights:

On the 4/ General Information: “Technical Delegates may at their sole discretion request random driver weight checks up to 1 hour prior to Qualifying. If the driver weight check is found below the minimum driver weight declared in ACO Tech, it will be reported to the stewards”.

⇒ 1) How will race check be done?

On Definition section “The minimum driver weight that will be considered for the Competition is the one declared in ACO Tech by the Competitor prior to the completion of administrative checks of the relative Competition” and the 5/ Calculation Example: “Based on predicted fluctuations during a race event”

⇒ 2) Can you open the access to ACO Tech to modify Driver Weights values until Race day in order to be able to measure fluctuations during previous days?
